

## TECHNOLOGY DIRECTORSHIP

### REPORT PREPARED FOR THE SEPTEMBER 2005 COUNCIL MEETING

Submitted by Michael S. Khoury

**1. Budget Request for 2005-2006**

No separate budget will be required; approximately \$1,000 should be budgeted administratively for listserv costs.

**2. Use of Budgeted Funds**

Not applicable.

**3. Next Scheduled Meeting of the Committee**

Regular meetings are not scheduled.

**4. Council Approval**

None required.

**5. Accomplishments Toward Committee Objectives**

The Section web page has been monitored and updated on a regular basis by Terri Shoop. The Section web page remains an informational source, without substantial substantive content. Progress has been made on including information on Section events, but information on many events or meetings are not provided with enough notice to post.

**6. Meetings and Programs**

Not applicable.

**7. Publications**

While not directly related to my role as the Technology Director, the regular "Technology Corner" column in the *Business Law Journal* continues to be well-received.
