

MCL 600.6013 governs how to calculate the interest on a money judgment in a Michigan state court. Interest is calculated at six-month intervals in January and July of each year, from when the complaint was filed, and is compounded annually.

For a complaint filed after December 31, 1986, the rate as of July 1, 2017 is 2.902 percent. This rate includes the statutory 1 percent.

But a different rule applies for a complaint filed after June 30, 2002 that is based on a written instrument with its own specified interest rate. The rate is the lesser of:

- (1) 13 percent a year, compounded annually; or
- (2) the specified rate, if it is fixed—or if it is variable, the variable rate when the complaint was filed if that rate was legal.

For past rates, see <http://courts.mi.gov/Administration/SCAO/Resources/Documents/other/interest.pdf>.

*As the application of MCL 600.6013 varies depending on the circumstances, you should review the statute carefully.*
