

### Appellate Practice

The Appellate Practice Section continues its work commenting on proposed legislation and court rule amendments and planning mini-remote seminars on various appellate topics. The section published its winter 2020 edition of the *Appellate Practice Journal* in November. For the 2020 holiday season, the Good Works Committee set up a successful matching donor program with Focus: HOPE to address food insecurity and provide meals for vulnerable seniors.

### Cannabis Law

The Cannabis Law Section is pleased to welcome Michelle Donovan, Allen Peisner, and John Reiser to its council. The three fill open seats formed when the Cannabis Law Section increased its council size from 12 to 15 members.

### Social Security

We livestreamed another free seminar through our YouTube channel on February 19. Additionally, our summer seminar scheduled for Boyne Mountain on June 13–15 is still on. Depending upon the COVID-19 situation, it could change to a virtual seminar. Subscribe to the section listserv for updates. ■
