

# 2006 April Directory Corrections

The member numbers (P numbers) for the following 624 members were published incorrectly in the 2006 April Directory issue of the *Michigan Bar Journal* due to a programming error. This error affected new members who joined since July 2005 as well as a total of 429 active members. It is important to note that this error did not affect the contact information listed in the Directory for these members. Additionally, several members in the W and Z sections of the alphabetical roster were incorrectly alphabetized due to a database conversion error. Please print the corrected pages and place them in your 2006 April Directory issue. For the latest updates to our attorney lists and contact information, please consult our online member directory at <http://www.michbar.org/memberdirectory/>.
