Spectacular! Outstanding! Wonderful! Exciting! Informative. These are some of the adjectives that have been used to describe the first annual Lawyers and Judges Assistance Program fundraiser, “An Evening of Enlightenment,” featuring keynote speakers Jeff and Debra Jay.

State Bar President Ed Pappas, President-Elect Charles Toy, and Executive Director Janet Welch were just a few of the many esteemed Bar members among the 130+ guests in attendance at this very special event.

Internationally known authors and interventionists Jeff and Debra Jay spoke about the importance of early identification and intervention in cases of compromised functioning due to aging, stress, mental health, and substance use among lawyers and their families, highlighting issues specific to substance use and brain functioning.

Proceeds from this event totaling over $17,000 have been designated to the Brighton National Addiction Foundation Richard Steinberg Memorial Treatment fund. Monies from this fund will be allocated for lawyers who are financially challenged and seeking needed treatment or related expenses for substance use and other mental health issues.
