

Greetings,

Mark your calendars and join us on November 7 at 11:30 a.m. at the Lansing Hilton Garden Inn for the 2019 Affinity Bar Summit.

This year's Affinity Bar Summit will focus on strategies for bar associations to work on equity and education in the community. The work of the Truth Racial Healing and Transformation project that we have explored over the last few years is taking place in communities across the state and around the country. We are inviting the participation of members of the TRHT teams from around the state for a day of information sharing and strategizing with the affinity bar community.

Communities are looking for ways to positively impact people's interactions with the law. The program will explore how to address issues like the school-to-prison pipeline, immigration, and relationships between the police and the public. The goal of the day will be to identify the role bar associations can and do play in educating stakeholders and bridging the gaps.

Please join us in for an informative program. If you can not attend, please feel free to send other leaders in your place.

If you are committed to attending, please register here:
