At the last meeting, Chief Justice Taylor discussed the proposed jury reforms that the Supreme Court has proposed. He indicated that the Court is very interested in receiving feedback from the members of the State Bar of Michigan (SBM) about these proposals. President Cranmer suggested that all Board of Commissioners (BOC) members review the proposals and be prepared to offer comments about them.

Practice Management Resource Center (PMRC): President Cranmer continues to receive very positive reaction to the PMRC from SBM members who express the value that they see in this program. He has written an article regarding the PMRC and has asked the sections to publish this article in their newsletters.

President Cranmer informed the Board that John Berry has accepted a position with the State Bar of Florida and will leave the employment of the SBM in late October. He offered congratulations to John, acknowledging that the SBM has made measurable strides under his leadership and that the membership owes him a debt of gratitude for his leadership during the past five years.
Executive Director’s Report - John T. Berry, Executive Director

Internal Revenue Service (IRS) Request: Mr. Berry reported to the Board that a representative of the IRS has requested an electronic list of all active members licensed in Michigan for the purpose of tax compliance and enforcement of federal tax statutes. The State Bar does not provide Social Security numbers in its possession, and the representative has been so advised, along with information about what the availability of names and addresses. The General Counsel’s office will be handling any further communications.

State Bar of Michigan Standing and Special Committees 2006-07: Mr. Berry provided the Board with an update and resolution regarding the Standing and Special Committees of the SBM. He reported that a Custodial Interrogation Recording Task Force was appointed pursuant to a resolution of the Representative Assembly; that the Electronic Filing Task Force’s jurisdiction has been amended; and, that a resolution addressing the number of members appointed for each committee will be presented to the Board for its consideration at today’s meeting. Proposed Bylaw revisions concerning Committee Appointments/Term Limits: Ms. Welch reported to the Commissioners that there is a proposed bylaw revision concerning committee appointments for their consideration in the materials (VIX-D). Current bylaws prohibit the reappointment of any standing committee member who has served three terms, but does not include a provision to override the term limitation. At its May 15 meeting, the Executive Committee authorized the posting of a proposed amendment that would preserve term limits as the norm, but allows exceptions to be made by a three-quarters override vote of the Board. A motion was offered to adopt the amendment to the bylaw, supported, and carried.

COMMISSIONER COMMITTEES

Finance - Charles R. Toy, Chairperson
Financial Update: Jim Horsch provided a financial update through May 2006.
Bank Lockbox Proposal: Jim Horsch presented a Bank Lockbox Proposal to the Board, explaining that the SBM is considering entering into a contract with LaSalle bank to provide lockbox service. This service would allow members to mail their dues to a bank instead of the SBM. The bank would process the payment on the same day it is received and send all envelopes, forms, and copies of the check to the SBM dues processing staff. The dues processing staff would process the dues forms, but not handle the checks. The advantages are that the money would be in the bank each business day, there would be less temporary contractors needed, there would be better internal control and during the busy dues season, members would receive their bar cards quicker. Unless there are objections, the SBM plans to implement this process effective with the September mailing of the dues statement.

Professional Standards - Edward H. Pappas, Chairperson

Practice Management Resource Center (PMRC): Dawn Evans provided an update on the PMRC. She directed the Commissioners to the statistical summary located in the Board book (XIII A). She informed the Commissioners that there were over 51,000 pages viewed and 18,671 articles downloaded from the website since February 1, 2006. Staff has responded to over 100 helpline calls and on average presented three seminars a month. She also indicated to the Commissioners that the lending library would be launched September 1.

Ms. Evans provided information concerning two new programs that will be offered to SBM members. The “First Tuesdays Series” is a joint effort of the PMRC and the Law Practice Management Section. Seminars are being held on the First Tuesday of every month and will address issues that pertain to law practice management. “A second program, “Explorations with Ebersole”: will be held on the third Tuesday of the month beginning in October and will offer seminars that will assist members in everyday office management issues. More sessions will be scheduled if the demand requires it. Another idea in the works is the “Office in the Box” concept developed by Diane Ebersole.

Mr. Ulrich mentioned that he had heard a comment from a member regarding the PMRC’s not being password protected on the website. The member was concerned that the SBM is giving away the information to the public. Dawn Evans responded that research of other states’ practice management programs indicated that most websites are not password-protected and she noted that the documents available on the PMRC website are generally not of a type that would be of interest to the public – such as attorney-client contracts. Victoria indicated that she contacted the member about this issue and that the member seemed satisfied with her response.
