“We must not, in trying to think about how we can make a big difference, ignore the small daily differences we can make which, over time, add up to big differences that we often cannot foresee.”

~ Marian Wright Edelman

For 25 years **Mediation & Restorative Services** has been making those small, daily differences by helping people in all kinds of conflict find satisfying solutions, healing, accountability and forgiveness.

For neighbors, business employers and employees, parents, students and school staff, in all types of conflicts we provide:

- Mediation – a safe and private way for people to discuss and resolve their disagreements.
- Skilled Mediators – who listen without judgement and help the parties find meaningful solutions.
- Restorative Justice – bringing victims of crime safely together with those who have harmed them, creating accountability for the offender and opportunity for repair and healing for the victim.
- EXIT – an intense education, work experience and life skills program that helps restore men who have been convicted find self-sufficiency, dignity and purposeful living.

These are the *“small daily differences we can make which, over time, add up to big differences that we often cannot foresee.”*
